

SHIPMENT OF POWER-SONIC RECHARGEABLE SEALED LEAD ACID BATTERIES – INTERNATIONAL

Our Rechargeable Sealed Lead Acid batteries are considered non-spillable and are excepted from Dangerous Goods Regulations since they comply with the following provisions:

SEA TRANSPORT: Excepted as Dangerous Goods by the International Maritime Dangerous Goods Code (IMDG Code) for transport by sea because batteries meet the requirements of Special Provision 238. Battery terminals must be protected against short circuits.

AIR TRANSPORT: Excepted as Dangerous Goods by the International Air Transportation Association (IATA) Dangerous Goods regulations and International Civil Aviation Organization (ICAO) Technical Instructions because batteries meet the requirements of Packing Instruction 872 and Special Provision A67. Battery terminals must be protected against short circuits.

NOTE: The words “Not restricted, Special Provision A67” must be provided on air waybill when air waybill is issued.
